Dear Sirs,

I represent the new owners of the company who have owned the Anuha Resort since March, 1988. It is with great sadness that I have become aware of the conflict which exists between Pacific Resorts Ltd and you and your families.

As you know, I have been trying to arrange to meet with Father Pule for many weeks to discuss the circumstances of the dispute and how (I am sure) we can resolve these problems including the injunction restraining Father Pule access to the Resort.

My lawyer has explained the legal position. Unfortunately, as a business person, I cannot jeopardise the owners' substantial investment on Anuha.

However, to contain any further legal proceedings, I respectfully request that we meet with you personally, at a time and place of your choosing but before Monday 16/5/88.

My lawyer informs me that after that date she will be required to proceed with the litigation which will be to all of our cost both financially and emotionally.

I am very confident that we as reasonable and honest people, can bring these matters to a happy conclusion.

Yours faithfully,

L.K. O'Grady.

P.S. It is now clear as per para 1. above that Anuha Resort have new Owners.
